EXAMINER'S COMMENT

Double Patenting

It is noted that co-pending applications 10/402,056 and 10/492,051 contain claims which conflict with the instant claims. However, because the provisional double patenting rejections are the only rejections remaining, the rejections are withdrawn for purposes of allowing the instant application to issue. Applicant is informed that, should conflicting subject matter continue to persist in the aforementioned applications, said applications will be subject to non-provisional Double Patenting rejections. See MPEP § 804 (I)(B).
